

## 8 Right-Angle Outlet Vertical Power Strip, 120V, 15A, 15-ft. Cord, 5-15P, 24 in.

MODEL NUMBER: PS2408RA

The PS2408RA power strip provides horizontal or vertical power distribution for rack-mount, raceway and workbench applications in a convenient 24-inch mountable housing.

### Description

The PS2408RA provides a 15-amp, 120v power strip with 8 right-angle NEMA 5-15R receptacles in a rugged, all-metal, mountable housing. It allows for both vertical and horizontal mounting, making it ideal for a variety of uses including office, rack-mount, workbench, industrial and telecom applications. With a right angle NEMA 5-15P plug and 15-ft. power cord, you don't have to install the PS2408RA next to outlets you already have; it can be mounted across the room and deliver reliable service where you need it most. A lighted and covered On/Off switch helps prevent accidental shut-offs, while a 15-amp circuit breaker guards against dangerous circuit overloads. Its sturdy all-metal extruded aluminum housing stands up to demanding network, laboratory or factory environments.
